Maybe some people are just meant to be in the same story.â€• At first, Jude and her twin brother Noah, are inseparable. Noah draws constantly and is falling in love with the charismatic boy next door, while daredevil Jude wears red-red lipstick, cliff-dives, and does all the talking for both of them. Years later, they are barely speaking. Something has happened to change the twins in different yet equally devastating ways . . . but then Jude meets an intriguing, irresistible boy and a mysterious new mentor. The early years are Noahâ€™s to tell; the later years are Judeâ€™s. But they each have only half the story, and if they can only find their way back to one another, theyâ€™ll have a chance to remake their world. This radiant, award-winning novel from the acclaimed author of *The Sky Is Everywhere* will leave you breathless and teary and laughingâ€”often all at once.
