When all hope seems lost, the Sarazen appear and offer the survivors sanctuary: an end to their suffering, an end to the running, and an end to the killings. A return to civilization. But for Alec, who spent most of her life herding and protecting the colony, it's a bittersweet rescue. All she's known is fighting but suddenly the gauzy promise of peace is dangled in front of her. Will the deep anger she feels at being an outsider ever subside? ...more Sarazen's Hunt (Sarazen Saga, #4) PDF ebook
