

The Rising Sea (NUMA Files, #15) Everywhere, the waters are rising--and that is just the beginning of the world's peril, unless the NUMA crew can beat the clock. The thrilling new NUMA Files novel from the #1 New York Times-bestselling grand master of adventure. An alarming rise in the world's sea levels--much larger than could be accounted for by glacier melt--sends Kurt Austin, Joe Zavala, and the rest of the NUMA scientific team rocketing around the globe in search of answers. What they find at the bottom of the East China Sea, however, is even worse than they imagined: a diabolical plan to upset the Pacific balance of power--and in the process displace as many as a billion people. A rare alloy unlike anything else on earth, a pair of 500-year-old Japanese talismans, an assassin so violent even the Yakuza has disowned him, an audacious technological breakthrough that will become a very personal nightmare for Kurt Austin - from the shark-filled waters of Asia to the high-tech streets of Tokyo to a forbidden secret island, the NUMA team must risk everything to head off the coming catastrophe. ...more **The Rising Sea (NUMA Files, #15) PDF ebook**
