

Visible Empire From a writer who â€œdeserves the attention of anyone in search of today's best fictionâ€•* comes an epic novelâ€”based on true eventsâ€”of wealth, race, grief, and love, charting one sweltering summer in Atlanta that left no one unchanged (*Washington Post) Itâ€™s a humid June day when the phones begin to ring in Atlanta: disaster has struck. Air France Flight 007, which had been chartered to ferry home more than one hundred of Atlantaâ€™s cultural leaders following a luxurious arts-oriented tour of Europe, crashed shortly after takeoff in Paris. In one fell swoop, many of the cityâ€™s wealthiest residents perished. Left behind were children, spouses, lovers, friends, and a city on the cusp of great change: the Civil Rights movement was at its peak, the hedonism of the 60s was at its doorstep. In Hannah Pittardâ€™s dazzling and most ambitious novel yet, she gives us the journeys of those who must now rebuild this place and their lives. Visible Empire follows the chaosâ€”and hopeâ€”that remained in the wake of the crash, and the truths that became evident because of it. This is a story about how we choose to look at the world, and those moments when we finally see it for what it isâ€”whether weâ€™re ready for that clarity or not. ...more Visible Empire PDF ebook
