In the *Midst of Winter* begins with a minor traffic accident which becomes the catalyst for an unexpected and moving love story between two people who thought they were deep into the winter of their lives. Richard Bowmaster, a 60-year-old human rights scholar, hits the car of Evelyn Ortega, a young, undocumented immigrant from Guatemala, in the middle of a snowstorm in Brooklyn. What at first seems just a small inconvenience takes an unforeseen and far more serious turn when Evelyn turns up at the professor’s house seeking help. At a loss, the professor asks his tenant Lucia Maraz, a 62-year-old lecturer from Chile, for her advice. These three very different people are brought together in a mesmerizing story that moves from present-day Brooklyn to Guatemala in the recent past to 1970s Chile and Brazil, sparking the beginning of a long overdue love story between Richard and Lucia. Exploring the timely issues of human rights and the plight of immigrants and refugees, the book recalls Allende’s landmark novel *The House of the Spirits* in the way it embraces the cause of “humanity, and it does so with passion, humor, and wisdom that transcend politics” (Jonathan Yardley, *The Washington Post*). *In the Midst of Winter* will stay with you long after you turn the final page. ...more *In the Midst of Winter* PDF ebook
